

## How to Donate

### Regular Giving

You can choose to support your Society in a number of ways, with the most effective being a regular donation by direct debit. This is simple to set up; all you need do is click on the link to our secure payment site and follow the instructions. You will also get the option to add Gift Aid, which allows us to claim a further 28% of your gift from HMRC.

[Click here to set up a Direct Debit](#)

If you would prefer to set up a standing order please contact us on 020 7831 1020 or [info@haemophilia.org.uk](mailto:info@haemophilia.org.uk)

### One off Donations

There are many reasons why you may want to make a one off donation. You may have held a fundraising event, had a collection or an unexpected windfall. You may wish to recognise the passing of someone close to you by making a donation in lieu of a floral tribute, or to mark a special anniversary such as a birthday.

A one-off donation made directly to the Society is the best way to ensure that we receive the full amount. To make your donation by cheque or card just download the form, fill it out and send it in. The form includes a Gift Aid declaration so that we can maximise your donation.

You can also donate by cash or bank transfer. Please contact us on 020 7831 1020 or [info@haemophilia.org.uk](mailto:info@haemophilia.org.uk)

### Sponsorship

If you are looking to raise sponsorship from individuals, for example if you are taking part in a charity challenge, then we recommend JustGiving. JustGiving allows you to create your own web page and provides an easy and secure way for your sponsors to donate on line
