

THE  
HAEMOPHILIA  
SOCIETY

## Campaign Inquiries

The Archer Inquiry has now reported. The Haemophilia Society has made getting the Archer Report recommendations adopted our campaign objective. Our President, The RT Hon Lord Morris of Manchester has reintroduced the Contaminated Blood Bill which, if passed, would give the force of law to the Archer Report's recommendations.

In Scotland the Penrose Judicial Public Inquiry is nearing the end of it's first, evidence gathering, phase. A preliminary report is expected in August.
