

Welcome to Get Involved : Get the Best (GIGTB)

These pages are all about helping everyone who uses haemophilia services have a strong hand in helping the NHS provide the best possible treatment and care.

We aim to build a network of representatives right across the UK who are in a position to engage meaningfully with their local centres and commissioners to improve services.

Nationally the work of the project is vital for making sure that the Haemophilia Society has a good understanding of any issues and concerns and can work nationally with the GIGTB Project Leaders to address them.

The Haemophilia Society is part of several campaigns in parliament which aim to improve treatment and care.

#### GIGTB Poll

Do you think that patients and parents should be more involved in decisions about how care is organised?
