

## The Inhibitor Group

The Inhibitor Group (IG) is run under the umbrella of the Haemophilia Society UK. However, you do not need to belong to the Haemophilia Society to be involved with the IG.

The IG meets at least twice a year, and publishes regular newsletters. We also run a support network for anyone who is affected in any way by inhibitors, to enable them to get in touch with someone else in a similar situation.

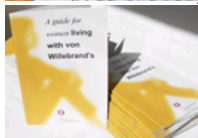

The group is free to join. You will be sent the *Inhibitors Magazine* (previously an e-newsletter) twice a year as well as news updates as they happen and invitations to meetings and get-togethers. We will also circulate meeting notes for anyone who was unable to attend, and distribute copies of new publications as they are launched - as long as we have your up to date contact details.

All information about you will be kept in the strictest confidence, according to the Haemophilia Society's confidentiality policy, and we will never disclose your name or any personal details to another party without your consent.

Please call 0800 018 6068 or email [Georgie@haemophilia.org.uk](mailto:Georgie@haemophilia.org.uk)
